Fall Porch Styling | 2026 Season

Every fall we style front porches across West Michigan, and every fall someone tells us they did not know it was a thing you could hire out. So here it is.

We bring everything, we set it, and we come back and take it down when the season is over. You do not shop, you do not haul, and you do not store a bin of it in the garage until spring. You just pull in and feel glad about your own front door.

WHERE WE GO

Grand Rapids, Ada, East Grand Rapids, Rockford, Grandville, Hudsonville, Zeeland, Holland, Dorr, Wayland, Holland, and Saugatuck are inside our standard area. South Haven, St. Joseph, and New Buffalo we take on with a travel fee quoted up front. If you are not sure, just ask.

HOW IT WORKS

- 1. You send a photo.** A picture of your porch and your address is all we need to quote it.
- 2. We design to your house.** Color palette, scale, and style are chosen for your brick, your door color, and the afternoon light. No two porches we do look alike.
- 3. We install.** One visit, usually under two hours, and you do not need to be home.
- 4. We come take it down.** Season-end removal is included in every package. You text us when you are ready or we schedule it in early November.

FOR REALTORS

The porch is the first listing photo a buyer sees and the first ten seconds of every showing. We install on your timeline, work around photo day, and take everything down at closing or at season end. Ask about the listing rate when you book more than one.

BOOKING, DATES, AND TAKEDOWN

Installs run September 8 through October 20. Book by September 15 to be sure of a spot before the first of October, which is when most of the calendar goes.

Half down holds your date. The balance is due the day we install.

Takedown is included. We schedule it for the first two weeks of November, or you text us when you are ready.

What stays and what comes back. The pumpkins and dried naturals are yours to keep. Planters, lanterns, wreaths, and mats come back with us at takedown.

Weather happens. If something blows over, call us. We come set it right once at no charge.

Send a photo of your porch and we will send a quote back the same week
